

	Specification				
	Product Code	G33S01	Ver.	01	Effective
	Doc. No.	Spec-G33S01-01	Sup.	N/A	Review Date
	Product Name	OraRez AN			Page No. 2/3

Description	<p>CAS#: 9011-16-9</p> <p>Synonyms: Alternating copolymer of methyl vinyl ether and maleic anhydride, PVM/MA copolymer.</p> <p>Grade: Oral care</p>
--------------------	---

Specification	Item	Tolerance	Reference
	Appearance	White to off-white free flowing powder	TM-G33S01
	Specific Viscosity (1 % wt/vol MEK)	2.5 ~ 5.0	GM-057
	Volatiles	≤ 2.0%	GM-020
	Active	≥ 98.0%	TM-G33S01
	Residual maleic anhydride	Negative	TM-G33S01

Storage	<p>Packaging: Double PP-lined cardboard drums, 20 kg/drum. (G33S01-10)</p> <p>Storage condition: in an airtight container.</p> <p>Shelf life: 2 years.</p>
----------------	--

Statement(s)	<p>Free-from Statements:</p> <ol style="list-style-type: none"> 1. <i>Neither benzene nor toluene is used within the whole manufacturing process.</i> 2. <i>None of the material derived from animal or plant is used/contacted within the whole manufacturing process.</i> 3. <i>GMO free.</i> 4. <i>TSE/BSE free.</i> 5. <i>Non-irradiation.</i>
---------------------	--

Sampling	Quantity: 120 g (in which 80 g for retention sample and 40 g for analysis)
-----------------	--

Trade Name	OraRez [®] AN 100P
